Adelaide Stars's TOUR PROJECT

Real Vicenza SSD & Adelaide Stars specialize in the creation and management of exclusive tailor-made football tours or training clinics in Italy for teams from around the world. Together we have a remarkable history of **Professional Events** for senior and junior players looking to further their playing careers in Europe, College Teams wanting to prepare for their competitive season, and youth teams (U9-U19 both boys and girls) wanting to enhance their skills and experience the professionalism of a European International Academy.

Real Vicenza SSD is an official partner of many **professional and semiprofessional** clubs in the whole European continent. These collaborations lead to sign players, creation of training camps and showcases.

The directors, scouts and coaches work, to not only improve the players' individual skills but also to **identify young talent**. Selected players are asked to stay for an extended period and work with our coaches to continue their development at our residential **International Academy**.

For the 2020 season, we have created different Tour programs (12 days) of intense training, exclusive training session with VIP coaches and competitive matches vs. the professional clubs to be supervised Real Vicenza staff. Sightseeing trips for players, staff and parents have also been arranged to visit cities like Milano, Venice, Verona, Torino, visit stadium and museum like **Allianz Stadium** (Juventus) as well as the opportunity to watch a professional **Serie A** or **Serie B** match during the soccer's season or preseason.

CLUBS

The **Adelaide Stars U16** selection will face Professional Youth Academy teams like Torino FC, NK Triglav, LR Vicenza, Novara Calcio, FC Arzignano, APIA FC. All these teams have formed part, and contributed to the success of others' tours in the past for Adelaide Stars Academy.
