OUR EXPECTATIONS OF SCHOLARSHIP RECIPIENTS

The following points represent the expectations of the Music Department for Scholarship recipients:

- Recipients of a Music Scholarship are expected to study music as a timetabled curriculum subject up to, and including, Year 11. Whilst it is not a condition of a scholarship, recipients are strongly encouraged to continue the study of music through to Year 12.
- Recipients of a Music Scholarship are expected to participate in at least two Co-curricular Music ensembles, which includes rehearsal, workshop and performance, up to, and including, Year 12.
- Music Scholarship students will be students with a high level of accomplishment on their chosen instrument. They will:
 - Endeavour to excel in all areas of music within the College.
 - Maintain a high level of application and performance through a continued study of their instrument(s).
 - Involve themselves in the broader life of music at the College which could include participation in music at liturgies, assisting with the running of performances and assuming a leadership role within the department.
- An annual review of the students' progress and contribution will be made. If progress is not satisfactory, the terms of the scholarship may need to be reassessed.
- It is expected that scholarship recipients will remain at the College for the duration of their scholarship. Departure from the College during the term of the scholarship, unless the departure is at the request of the College or mutually agreed to between College and parents, may require reimbursement to the College of the value of the scholarship.
